

THREE FUNCTIONS IN ONE

Kombi 150

Multifunctional workstation for paint handling

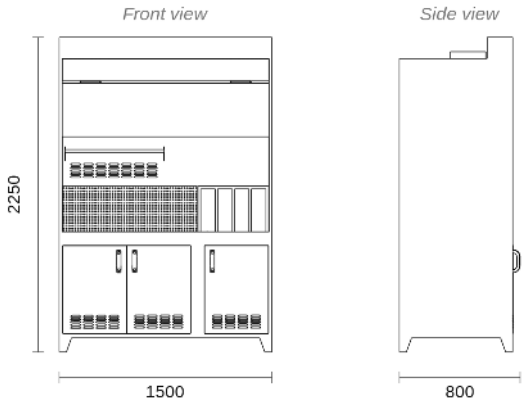

Kombi 150 combines three functions in one compact unit – washing and control, paint mixing and viscosity control – saving you both time and space.

Balanced supply and exhaust air provides a safe and healthy working environment for efficient paint handling.

KEY FEATURES

1. **Three functions in one unit**
   Wash sink, paint mixing and viscosity control in the same compact cabinet.
2. **Purpose-designed wash sink**
   12-litre capacity with a perforated base plate that keeps the gun clear of sediment.
3. **Efficient drainage & emptying**
   Sloping surface and lid minimise spillage; the liquid is easily drained via a tap.
4. **Protection against paint mist**
   Exhaust filters in the rear wall and top prevent paint mist from reaching the fan blade.
5. **Complete standard equipment**
   Supplied with air regulator and a solvent gun driven by compressed air – no pump.
6. **Robust & Swedish-made**
   Built from robust materials for long-term use.
