

THREE WASHES IN ONE

Systemtvätt 195

The ultimate gun washer

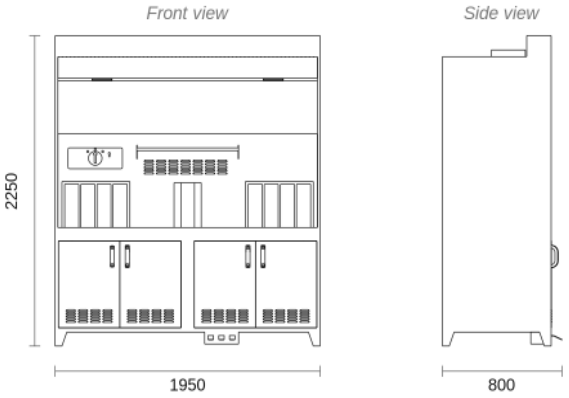

Systemtvätt 195 combines three washes in one unit – automatic thinner wash, manual water wash and a practical sink – and takes water-based and solvent at the same time.

Built-in coagulation of waste water and preparation for solvent recycling make cleaning both efficient and environmentally conscious.

KEY FEATURES

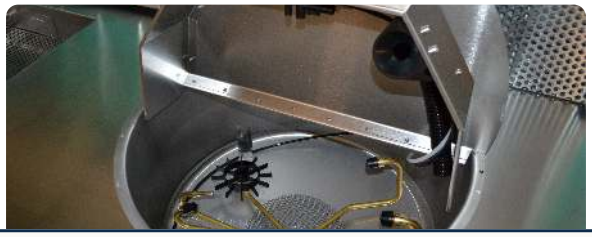

1. **Three washes in one unit**
   Automatic thinner wash, manual water wash and sink in the same cabinet. Everything that is driven runs on compressed air.
2. **Environmentally conscious cleaning**
   Built-in coagulation of waste water minimises environmental impact.
3. **Prepared for recycling**
   Can be complemented with a distiller for automatic solvent recycling (accessory).
4. **Ergonomic design**
   Raised bench and forward-mounted gun wash give a comfortable working position.
5. **Cleans several guns at once**
   Unbeatable efficiency with minimal effort.
6. **Robust & Swedish-made**
   Built from robust materials for long-term use.
