

SAFE ISOCYANATE HANDLING

Tiro

Maximum storage in a minimal footprint

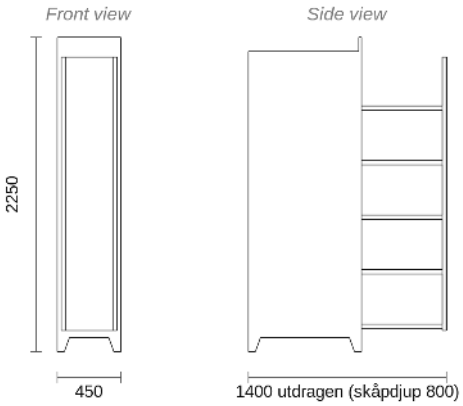

Tiro is a narrow storage cabinet with five pull-out shelves that extend at the same time – perfect for solvents, paints and lacquers, including isocyanate-containing ones.

The cabinet takes up minimal floor space yet holds a full 200 litres and is prepared for exhaust air. Place several Tiro side by side to fit your paint store in the smallest possible area.

KEY FEATURES

1. **Full overview & access**
   All five shelves extend at once; each shelf carries 50 kg when fully extended.
2. **Minimal footprint**
   Holds approx. 200 litres in just 450 mm of width.
3. **Prepared for exhaust air**
   Easily connected to an existing ventilation system.
4. **Scalable paint store**
   Place several Tiro side by side for a compact paint store.
5. **Delivered fully assembled**
   No assembly – ready to fill straight from delivery.
6. **Own design & Swedish-made**
   Manufactured in Frillesås, south of Gothenburg.

DIMENSIONS
