

SAFE ISOCYANATE HANDLING

Store 195

Safe and organised storage

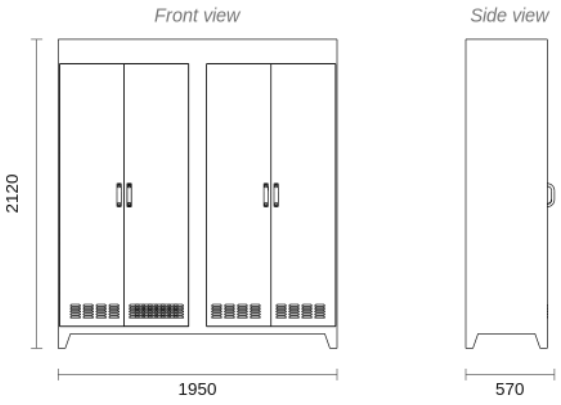

Store 195 is a ventilated storage cabinet for safe, organised storage of open tins, paints and lacquers – including isocyanate-containing ones.

Flexible placement of the exhaust air at the rear makes the cabinet easy to adapt to your ventilation system. Delivered fully assembled.

KEY FEATURES

1. **Ventilated storage**
   Effective ventilation protects staff from harmful vapours and particles.
2. **Flexible exhaust air**
   Free choice of exhaust position at the rear for easy adaptation to the ventilation system.
3. **Spacious & easy access**
   Practical design with plenty of room and a full overview of the paint store.
4. **Three sizes**
   Available in 100, 150 and 195 cm width to suit your needs.
5. **Delivered fully assembled**
   No assembly – ready to fill straight from delivery.
6. **Safe storage**
   Prevents spillage and contamination; protects materials and the working environment.
