

EFFECTIVE DUST EXTRACTION

Slipbord

Effective extraction across the entire work surface

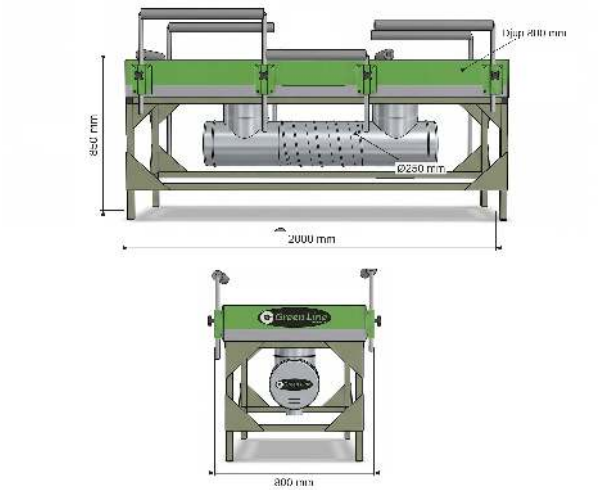

A robust sanding table with a reinforced, perforated work surface that provides effective extraction across the whole table – minimising dust and creating a cleaner, healthier working environment.

Eight adjustable arms swivel and raise or lower individually to hold the workpiece in place. Ideal for automotive plastic parts and also suitable for isocyanate-containing materials.

KEY FEATURES

1. **Effective dust extraction**
   The perforated surface gives even extraction across the whole work surface – 1500 m^3/h.
2. **8 adjustable arms**
   Swivel, raise and lower individually for optimal flexibility.
3. **Ergonomic working height**
   A comfortable height that reduces the risk of strain injuries.
4. **Ideal for automotive plastics**
   Perfect for sanding all common automotive plastic parts.
5. **Robust construction**
   Aluminium-profile frame for a long service life.
6. **Safe material handling**
   Also suitable for isocyanate-containing materials.

DIMENSIONS

TECHNICAL SPECIFICATION

Article number	9-080
Designation	Green Line Slipbord
Size (W×D×H)	2000 × 800 × 850 mm
Working surface	Perforated plate
Adjustable arms	8
Frame	Aluminium profiles
Exhaust air requirement	1500 m^3/h
Exhaust air connection	1 × Ø250 mm
